

List of Claims:

1 - 3 (cancelled).

4 (previously presented).      The sink of claim 26 further comprising the panel, wherein a front face of said panel is decorated with a three-dimensional decoration.

5 (previously presented).      The sink of claim 4 wherein said panel is constructed of metal.

6 (previously presented).      The sink of claim 5 wherein said panel is constructed of a metal different from that of said sink.

7 (previously presented).      The sink of claim 26 wherein said fastener is a bolt for insertion through said hole.

8 (cancelled).

9 (previously presented).      A kitchen counter assembly comprising the sink of claim 26.

10 - 25 (cancelled).

26 (previously presented). A farm sink, comprising:

a kitchen sink including a top surface having a depression defining  
basin of the sink;

a decorative panel; and

an apron depending downwardly from a front portion of the sink  
and forming an integral part of the sink, said apron being  
spaced apart from the basin by a substantial gap, said apron  
having at least one hole for receiving a fastener for  
attaching the decorative panel to the sink, said decorative  
panel being sized and shaped so that it is spaced apart from  
the boundaries of said apron when attached thereto, for  
displaying the decorative panel on the sink.

27 (previously presented). The sink of claim 26, wherein said apron has a front surface  
having a recess adapted to receive the decorative panel, wherein said hole is provided in said  
recess.

28 (previously presented). The sink of claim 27 further comprising the panel, wherein a front face of said panel is decorated with a three-dimensional decoration.

29 (previously presented). The sink of claim 28 wherein said panel is constructed of metal.

30 (previously presented). The sink of claim 29 wherein said panel is constructed of a metal different from that of said sink.

31 (previously presented). The sink of claim 27 further comprising at least one bolt for insertion through said hole.

32 (cancelled).

33 (previously presented). A farm sink, comprising:

a kitchen sink including a top surface having a depression defining  
basin of the sink;

a decorative panel; and

an apron depending downwardly from a front portion of the sink

and forming an integral part of the sink, said apron being spaced apart from the basin by a substantial gap, said apron having a front surface having a recess adapted to receive said decorative panel within said recess, for displaying the decorative panel on the sink.

34 (previously presented). The sink of claim 33 further comprising the panel, wherein a front face of said panel is decorated with a three-dimensional decoration.

35 (previously presented). The sink of claim 34 wherein said panel is constructed of metal.

36 (previously presented). The sink of claim 35 wherein said panel is constructed of a metal different from that of said sink.

37 (previously presented). A kitchen counter assembly comprising the sink of claim 33.
